### In Circuit Court.

The case of the Commonwealth vs. W. H. Lucas, charged with the murder of Wm. Sagaser, in the Bourbon Circuit Court was given to the jury late Tuesday afternoon, after the arguments of Col. R. B. Franklin, for the Commonwealth and Hon. E. M. Dickson for the defendant. The speech of Mr. Dickson was pronounced by many to have been the best speech made in the court house for a number of years. F. S. Ardery, one of the jurors in the case, was stricken with an attack of acute indigestion after the case had been given to the jury, and they were unable to consider the case Tuesday night. Wednesday morning, Mr. Ardery was some better, but could not leave the room, so special Judge Holmes went to the Windsor hotel where the jury was stopping, and let them consider the case in Mr. Ardery's presence.

The jury returned verdict at 2 p. m. Wednesday, which was confinement in penitentiary for three years. The case of the Commonwealth vs. Joe Baker alias Red Sam, a negro, for the murder of Lotta Carter, a negro woman residing in the negro suburb of Ruckerville was then called and both sides answering ready the work of securing the jury was begun and completed Wednesday afternoon. The defendant is represented by attorneys James M. O'Brien, William Ardery, and J. J. Williams, while Commonwealth's attorney Robert B. Franklin is being assisted by County Attorney T. E. Moore, Jr.

The jury was given the case at noon yesterday and brought in a verdict at 2:30 p. m., giving Baker five months at hard labor in the county jail. Judge Holmes entered an order extending the term of court until Thursday next. However he will not return to Paris until next Wednesday, when Judge C. C. Bagby also be here to sign the order book, and to here arguments on several motions that were before him while he was holding court.

PUBLISHED EVERY TUESDAY AND FRIDAY.

ONE YEAR, \$5.00 | SIX MONTHS, \$3.00  
PAYABLE IN ADVANCE.**President Ussery's First Bulletin**

Every player who participates in a Blue Grass League game of ball next season, will have to have affixed his signature to a contract with the club with which he is playing, otherwise the game will be liable to protest. Many clubs played men nearly all of last season with whom they did not have contracts, so that this new rule will cut quite a figure next season.

Dr. W. C. Ussery, the new President of the league, has written to all of the clubs in the league calling their attention to this rule. Dr. Ussery writes: "I am in receipt of official bulletin No. 1 for 1910 copy of which is herewith enclosed. The secretary of the National Association calls my attention to article 15, which was adopted at the recent Memphis meeting of the National Association, and requests me to call the particular attention of club presidents and managers to the same article. As you will see by reading the notice a player who has not signed a contract is ineligible to participate in even one game without the game becoming a subject of protest. The word 'shall' is used, which makes it mandatory upon the part of the executive officer, which officers in our league are the directors and president, that all such games shall be thrown out if won by the offending club, but allowed to stand if lost. In addition to the penalty, the player who has not signed a contract before taking part in the game is invited to appeal to the National Board for his unconditional release. This rule seems to prohibit our practice the past season of using a player as long as fifteen days without signing him to a contract.

"The National Secretary also directs me to inform all clubs to promptly send all contracts, transfers and releases direct to him.

"The assessment of December 1, was due December 15. On January 25, 1910 the constitutional assessment of \$25 will be levied. Don't let the two run together.

"Yours very truly,  
"W. C. USSERY."

Demand for Recount on "Good Road" Amendment.

Mutterings of discontent on the part of the leading politicians in the Western Kentucky counties have reached Frankfort over the result of the counting of the vote on the "Good Roads" amendment to the constitution. That a contest will be filed before the Legislature or a legal battle sprung in the Courts seems almost certain, and the bone of contention will be the vote in Graves county.

The desire of the Western Kentuckians is that the decision of the Election Commission be set aside and the vote of Graves and the other counties that went against the amendment be counted, and that the vote of some of the mountain counties that went so overwhelmingly for the bill be investigated.

The general opinion prevails at Frankfort that the Legislature will vote overwhelmingly in favor of the amendment of the constitution and the passage of an income tax law.

Sensitive People.

Sensitive people seem to enjoy sensitiveness. They are always on the lookout for something to give their pain. They are much like a cat would be with a tail forty feet long, dragging around the floor ready to be tripped upon. We are crowded pretty thick upon life's great thoroughfare, and can't well help elbowing each other as we pass along. Ninety-nine times out of every hundred no harm is intended, but these sensitive people, who have the longest and sharpest elbows of anybody, are always attributing a motive to every accidental jog they get. The fact is, personal importance is at the bottom of this whole thing. The world is not thinking about you—has no desire to hurt you—but you imagine that the whole world should be run in your interest.

**Kentucky Wool Growers in Pool.**

Resolutions urging farmers of this State to pool wool in an effort to realize better prices were unanimously indorsed at a meeting of a score or more of Kentucky farmers in the State Fair offices in the Paul Jones Building in Louisville Tuesday afternoon.

Those who attended the meeting voted heartily in favor of a plan to establish the Kentucky Wool Growers Association. A constitution and set of by-laws were adopted after the temporary organization was made permanent and Senator J. W. Newman, Secretary of the Kentucky State Fair, was elected president by acclamation.

The resolution pertaining to the big wool pool is as follows: "Resolved, that it is the sense of the Kentucky Wool Growers Association today formed, that we should cooperate in the selling of our wool with the American Society of Equity Wool Growers Association, and that we urge all wool growers who do not pool with the Kentucky Wool Growers Association to do so with the Wool Growers District No. 2 of the American Society of Equity."

The only other office elected for the organization was that of Secretary which place went to C. F. Crecelius, of Falmouth. The President was given power to appoint an executive committee, and this will be done by Senator Newman within the next week or so.

Senator Newman stated that the articles of incorporation accepted and approved would be filed at once.

The incorporators are Sidney G. Clay, Paris; J. W. Newman, Versailles; A. H. Clore, Skylight; B. Macklin, Forks of Elkhorn; L. L. Dorsey, Anchorage; E. K. Renaker, Berry; W. L. Lawrence, Boyd; W. A. Clements, Springfield; C. F. Crecelius, Falmouth. Louisville will be headquarters of the Association.

Until their successors are elected and qualified the following will serve as directors: J. W. Newman, Sidney G. Clay, L. L. Dorsey, W. A. Clements, B. Macklin, W. L. Lawrence, E. K. Renaker, A. H. Clore, and C. F. Crecelius.

**Best Stomach Remedy Free**

It is an old saying that if the stomach is sound the whole body is safe, because so much depends upon the proper working of the stomach. Many persons find themselves with a disorder of the stomach which produces dyspepsia or a peculiar state of biliousness.

If you suffer from both stomach trouble and constipation you are on the way to a very serious disease. From just such conditions come appendicitis, rheumatism, skin diseases and similar disorders, because the waste matter that should have been expelled from the system through the bowels has found its way into the blood and vitiated it. What is needed at this point is not simply a violent cathartic tablet or salt, which usually does more harm than good, but a gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which people have been using for these ailments for nearly a quarter of a century. It cured J. C. Lanham, of Warrensburg, Mo., of stomach trouble of long standing, also William Volk, of 945 Ellison St., Louisville, Ky., who had the trouble for fifteen years.

However, if you have stomach trouble you want to know from personal experience what Dr. Caldwell's Syrup Pepsin will do for you. If so, send your name to the doctor and a free trial bottle will be sent you. You are urged to send for the free bottle, as the results from it will be the best recommendation of Dr. Caldwell's Syrup Pepsin. Then you will do as over two million people did last year—go to your druggist and buy a regular bottle at 50 cents or \$1, according to the size you prefer. We could mention hundreds and hundreds of families who are never without it. You can never tell when some member of the family will need a laxative, and then no time should be lost taking Dr. Caldwell's Syrup Pepsin.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell Bldg., Monticello, Ill.

### Sale of Jerseys.

Good prices were realized Friday at the sale of Jersey cows, heifers and calves offered by Z. W. Lee & Sons, of Cynthiana, the sale being conducted at Murphy's Stock Yard. The sale which was advertised in the Bourbon News brought out a large number of farmers and bidding was spirited. The twenty-two cows brought an average of \$65.45 per head; fifteen heifers \$25 per head, and eight calves \$14 per head.

### Ice Box Repartee.

"Huh!" sneers the plate of ice cream to the piece of limburger cheese. "You needn't give yourself such airs. Didn't you see in the papers where there are a million microbes to each drop of ice cream?" "I did," retorts the limburger. "That's nothing. Compared to me you are a sparsely settled territory."

### STOCK, CROP AND FARM NOTES.

—J. M. Craycraft, of near Shawhan, delivered 25 turkeys yesterday that in the gross brought \$66.80.

—At the sale of short horn cattle held by H. M. Current of Millersburg, 14 head sold at an average of \$50.65 per head. The sale was conducted by Auctioneer Geo. D. Speakes.

—Wash Webb and sister, Mrs. M. W. Harlow sold to Thomas V. each their 110 acre farm, near Clay's Cross Roads, for \$128.35 per acre, aggregating \$20,000. Possession given March 1.

—John Clay bought 23 acres of land, near Elizabeth, from the Hume heirs for \$115 per acre.

—John T. Hedges shipped to New York 37 head of fat steers that averaged 1,430 pounds and for which he received 6 cents per pound.

—Secretary of Agriculture Wilson says that the Government is now spending \$18,000,000 annually for experimental work in increasing the yields and efficiency of farms.

—At Georgetown court day sales, Monday, yearling cattle sold from \$8.50 to \$4.31 a hundred. A lot of two-year-olds brought \$4.65 a hundred. Mules brought from \$125 to \$225 a head. Stock hogs sold \$7.50 a hundred.

—H. C. Chinn has sold his farm of 147 acres of land near Mt. Carmel church to C. D. Wagner, of Pendleton county for \$9,000. Possession will be given March 1, 1910.

—An Ohio stock buyer at Greenfield purchased a hog last week which weighed 1,060 pounds. At eight cents per pound that would be about \$84.80, and you can remember the time when that amount would purchase a span of colts.

—Here is the biggest hog story of the season. C. L. Renaker, of Dry Ridge, says that he fed, raised and fattened a hog that weighed 747½ pounds. He made 70 pounds of sausage, 33 gallons of lard, and staked away the two hams, the two sides and the shoulder. —Williamstown News.

—Mr. William Farris, the dairyman, residing on the McMillan farm on the Cynthiana pike, has rented of Mrs. Hannah Taylor, the farm occupied by M. B. Lovell as a dairy farm, and will move to his new home March 1. Mr. Farris' brother, Mr. Samuel Farris, of Newtown, has rented the McMillan farm and will engage in the dairying business.

—The Winchester Democrat says: "Squire John McCord sold to Mr. H. V. Thompson the Jacob Trumbo farm recently purchased by him, consisting of 150 acres, at \$115 per acre. Squire McCord made a handsome profit on his purchase, but Mr. Thompson has secured a bargain at the price as the farm is worth the money."

—An enormous tree is located at El Tulle, a village a few miles east of Oaxaca, Mexico. The tree, a cypress, is believed to be the largest in circumference of any in the world. It measures one hundred and four feet around the trunk at a height of one hundred and thirty feet, and twenty-seven people holding hands, can reach just around it.

### The Burley Insurance Features.

Attorneys representing the Burley Tobacco Company conferred with Attorney General Brantley Saturday relative to an amendment which they propose to make to the charter of the company and through which they expect to protect the tobacco of the state as effectively as through the insurance features which they created and which was ruled upon unfavorably by the state's legal department.

The amendment which was viewed favorably by the state's legal department is for an extension of the law liability of the company, so that the company will be liable for the safety of all tobacco in any of its warehouses, and for the destruction of the tobacco in the warehouses. The amendment is intended to protect the tobacco of the state from the fire and other risks which threaten it.

Nothing was said of the amendment which was passed by the state's legal department.

General Brantley, who is in charge of the state's legal department, said that the amendment was a good one.

Judge Polserove, in entering upon his duties as Mayor of Frankfort said: "I have other views on the liquor question. I believe that a higher license should be imposed. Experience in other cities has taught that this elevates the liquor business, reduces the number of saloons, yields more revenue and places the good name and general welfare of the city upon a higher plane."

*Why Not Send it a "Bucks."*

Nothing more useful than a fine new range. Surely nothing would better please the good housewife than a new range to replace the old and worn one.

The better the gift then, the greater the thanks of the recipient. If you would have the greatest satisfaction in knowing that your gift was giving the best possible satisfaction and service, make your choice a "Bucks."

Your gift will then be giving the recipient better than it's possible for any other stove or range to give, for the best in stoves and ranges bears the "Buck's" trade mark. Doesn't the home need a new stove or range? Then why not make a brand new "Buck's" a Christmas present to the home?

What Mitchell Says.

Christmas is the one time of all times when you wish to have strictly fine candies and fruits.

Now I can truly say you can find none better than at my store. I have gone to the markets and selected a large and very fine stock, which I can sell at no higher price than you would pay for poor goods. When it comes to candy, I am the man for you. My home-made is all it ought to be and so cheap for so fine a quality.

Lyons' fine Chocolate Bon-Bons are surely way under ahead of anything you can buy in this town and the package is beautiful.

"Come home with me to dinner tonight, Gormley."  
"Delighted!"  
"I want you to hear my youngest daughter play the piano."  
"By Jove, I'm awfully sorry, old chap, but I have forgotten a most important engagement. Some other night, dear boy."  
"Sorry about the engagement, Gormley. The fact is I have neither a youngest daughter nor a piano."

**Record Figures.**  
Butter and eggs have soared to a record figure in New York's holiday market. The best grade butter was quoted Wednesday from 42 to 45 cents retail, while 55 cents a dozen was the price of the freshest eggs. The housewife found some consolation, however, in the fact that cranberries are quoted at 10 cents a quart, which is a lower price than they have commanded for several years. This, however, appears to be the only Christmas dinner dainty that can be obtained for less money than a year ago.

**Dressmakers Arrested.**

A general round-up of the fashionable dressmakers alleged to be implicated in the "sleeper trunk" fraud, through which expensive French gowns were imported without payment of duty, was begun by the Federal authorities in New York, indictments having been returned against twenty-seven.

**A Thrilling Rescue.**  
How Bert R. Lean, of Cheny, Wash., was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For lung trouble, bronchitis, coughs and colds, asthma, croup and whooping coughs its supreme. 50 cents and \$1.00 Trial bottle free. Guaranteed by Oberdorfer.

**Sour Milk as Preservative.**  
Most housewives do not know that sour milk is a preservative. Even oysters will keep in it for some time. A piece of beefsteak was found to be perfectly fresh after an immersion of four or five months. Prof. Elie Metchnikoff of the Pasteur Institute, Paris, explains that the sugar in the milk encourages the growth of certain germs which form lactic acid. This acid destroys the germs of putrefaction. For this reason, sour milk and buttermilk are often beneficial in alimentary disorders which are accompanied by bacterial infection. Sweet milk will not serve because the sugar is promptly assimilated and the friendly germs are without sustenance. On the other hand, the casein of the milk remains and in it the bacilli of decay multiply. It is they which cause the class of symptoms known as biliousness.

**Corbin Stays "Dry."**  
Corbin was carried by the dries by a majority of 38 in the local option election held Tuesday. There was no trouble at the polls and the only feature of the election in which it differed from any other contest was the parade of men, women and children, led by Mrs. Frances E. Beauchamp, president of the Kentucky Woman's Christian Temperance Union, and Congressman Ben Johnson.

## "Terry's Mexico."

We have just received from the publishers the first copies of "Terry's Mexico," a handsomely bound book containing 824 pages, the work of Mr. Philip Terry, an old Paris boy who has achieved marked success and who is one of the foremost Americans in the City of Mexico.

The volume is modeled after the celebrated Baedeker guidebooks and contains in a concise and compact form exhaustive descriptions of Mexico's chief points of interest—its cities, towns, museums, picture galleries, cathedrals, pyramids, ruined cities, mines, hunting, fishing and tourist resorts, etc., with ample notes on its literature, language, architecture, painters and paintings, Indian races, volcanoes, railways and myriad customs, places and things which as a composite whole form the unquestioned fascination of the Land of the Montezumas.

Every railway route in the Republic, from the Rio Grande to Yucatan, is described in detail, and accompanying these descriptions are many useful hints to the traveler, who is shown how he can save many times the cost of the book the first time he puts it in practical use. With this handbook the tourist can pass intelligently from one end to the other of the country, without the assistance of a courier and with a minimum expenditure of time and money.

The twenty-six maps and plans, in colors, of the Republic, its railways, cities, cathedrals, picture galleries, etc., were drawn specially for the book, and are the most up-to-date and accurate in existence. The railway maps show railroads not found on other maps.

The Bibliography gives a carefully selected list of the books most appropriate for the student interested in Mexico—works of art, native languages, history, travel, fiction, laws, etc., as well as books relating to the cultivation of coffee, rubber, cotton, etc.

Following the opening chapters are exhaustive notes on traveling expenses, money, passports, plan of four seasons, what to wear, climate, beggars, bull fights and subjects too numerous to mention, just those thousand and one things that a person traveling in a strange land is most desirous of knowing.

The body of the book is divided into ten sections, under each of which is a description of the different railway routes, the chief cities, states, etc., embraced therein, as follows: North-Eastern Mexico, North-Central Mexico, North-Western Mexico, Central Mexico, Central-Western Mexico, City and Valley of Mexico, South-Western Mexico, South Eastern Mexico, Southern Mexico and the Peninsula of Yucatan.

Under History and Races is absorbing description of the picturesque Indian life in Mexico in pre-Columbian days, who came to the Valley of Mexico in the year 600, and the ferocious Aztecs of Mexico, and following these is the account of Montezuma and his realm, and many other intensely interesting periods of Mexican history.

The author's intimate knowledge of Mexico and its people, its products and its language, is reflected in every page of the book, and is a painstaking, trustworthy and studiously dispassionate analysis and description of the Mexico of to-day.

"Terry's Mexico" is a handsome example of the excellent work for which the Riverside Press of Houghton Mifflin Co. is noted. It is printed on fine Bible paper, in clear, readable type, is bound in flexible cloth and shaped to fit the coat pocket. Copies will be mailed postpaid on receipt of \$2.50 U. S. money, or \$5.00 Mexican, by the Sonora News Company, Calle De Las Estaciones 12, Mexico City, Mexico, or Houghton, Mifflin Company, 4 Park Street, Boston, Mass., U. S. A.

## Change in School Law.

The State Educational Commission Saturday approved of the plan of amending the school laws so that teachers in the high schools would be compelled to secure a high school certificate to teach.

The resolution changing the manner of formulating the graded school districts was adopted, and the change also permits the graded schools to relinquish their charters if they so desire.

There will be another meeting of the Commission today to settle definitely upon the bill to be introduced in the Legislature.

## Parcels Post Law.

John Wanamaker says there are just four reasons why Congress will not enact a parcels post law, and those four reasons are the four big express companies, which with other big corporations control Congress and prevent any legislation inimical to their interests. He makes three striking points in his contention, viz: First, the United States is the only civilized country on the globe that has not a parcels post. Second, the people of the United States want, need and should have a parcels post. Third, the people of the United States cannot have a parcels post because the grangers stand between and say, "You shan't."

## The Christmas Spirit.

The Christmas spirit pervades. Everywhere the store windows are dressed their finest. Little folks and big folks, too, are qui vive. Good will and joyous expressions are in the air. Cold noses of little tads are pressed against the glass of store fronts and the cute expressions that are heard by passers-by engender large hearts and kindly smiles. "Christmas spirit is in the air. Well, so be it. This old work-a-day world needs this season to jar the cockles of the heart and bring kinder expressions on faces that are hardened by the contact and selfishness that abound to an extent far too great. "On earth peace, good will toward men," the angels sang. Let mortals take up the refrain.

# A Clean Man

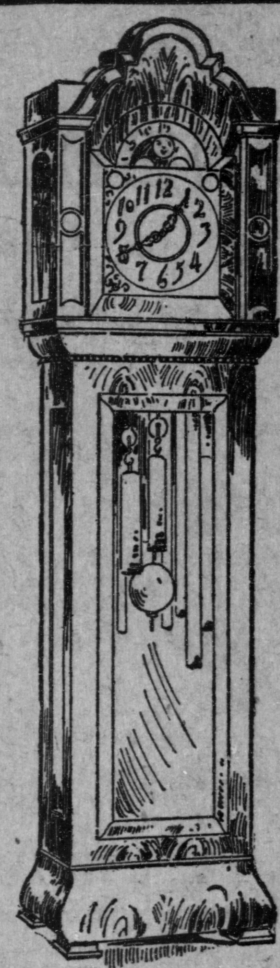

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

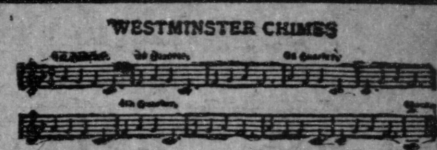

## Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

#### Special Attraction at the Grand.

For Christmas day, matinee and night, the management of the Paris Grand has arranged for the production of "Her American Husband," a musical comedy in three acts. This is a first-class production and the cast includes the celebrated tenor, Mr. William Willis.

A singer so well known as William Willis needs no introduction to the music loving public. Those who were fortunate enough to witness Henry W. Savage's mammoth production of Puccini's "Madame Butterfly" will never forget his singing of the role of Lieutenant Shackleton, which he alternated with Leslie Stiles. Mr. Willis

is himself a true born American, gifted with a marvelous voice, studied abroad and after many prominent appearances in Europe he returned to America where he is fast carving out a name for himself that it is anticipated will reach the highest. It is expected that the music loving element of Paris will be present in large numbers to welcome this rising and brilliant tenor at the Opera House on tomorrow, Christmas, matinee and night in "Her American Husband."
